SIMPLICITY MARKS THE FUNERAL OF MRS. WILSON

Prayer and Brief Service in White House This Morning With Only Family and Close Friends Attending.

BODY BORNE SOUTH IN SPECIAL TRAIN TODAY

Washington, Aug. 10.—Funeral services for Mrs. Woodrow Wilson were held in the east room of the White House at 2 o'clock this afternoon, after which her body was taken on a special train for Bunker Hill, Ga., for burial beside those of her father and mother.

Prayers were said and a simple brief funeral service was conducted in the presence of a small company to which the committees of congress and members of the cabinet were the only ones admitted beside the family.

Mrs. Wilson's body lay in the room in which she died on the second floor of the executive mansion until an hour before the services, and then it was taken down to the east room where flowers from many folk in all walks of life were banked almost to the high ceiling. A quiet crowd gathered outside the White House gates.

The Rev. J. H. Taylor, at whose church the president has attended, opened the services with scriptural reading and then the Rev. Sylvester Beach of Princeton, N. J., began prayers. There was no music.

There were no honorary pallbearers. A group of White House attendants who have been on duty there for many years, were honored by being chosen to bear the casket.

Chairs were placed before the casket for the president and the family, behind them sat the senators, in the third row the representatives, and behind them the White House employees. When the benediction was said all the company rose while the president and the other mourners withdrew from the east room. The services had taken about a half hour.

The members of the cabinet, all of whom were accompanied by their wives, with the exception of Secretary Houston, left first.

Mrs. Houston was ill and unable

to attend. The cabinet officers did not go to the railway station and neither did the committee of congress who filed out in twos and threes outside the White House grounds.

The casket was placed in the hearse by the veteran White House policemen, the president and his daughters entered closed carriages and the procession to the railway station began. Along the route silent crowds lined the streets, men uncovering their heads and many women wiping away tears as the cortège passed on. All the government offices were closed, although shopkeepers did not suspend business. The body was placed aboard the funeral car and the president and his daughters returned to the White House, to return to the station just before the departure of the train, a little more than an hour later. The floral tributes filled one carriage entirely.

Both houses of congress were in session until tomorrow and orders had been issued that all government departments be closed at 1 o'clock today and tomorrow. All rings in the city on public buildings and private homes and stores were at half mast.

The trip to Bunker Hill, where Mrs. Wilson will be buried late Tuesday afternoon beside her mother and father in Myrtle Hill cemetery, will be made on a special train. Those in the party will include the president, Miss Wilson, Mr. and Mrs. Sayre, Secretary and Mrs. McAdoo, Prof. Axson, J. R. Wilson, George Howe, Dr. Cary T. Grapson and Secretary Tamm.

The South has planned to pay tribute to Mrs. Wilson's life as the special train passes toward Rome.

SEATTLE MAYOR SAYS HE'S FOR VOTES FOR THE LADIES NOW

Seattle, Wash., Aug. 10.—Suffragists applauded loudly today when Mayor C. Gill in testifying before the federal industrial relations commission made his initial declaration in favor of woman suffrage. Votes for women, the mayor had insisted a few minutes previously, did much toward his recall three years ago. He also added that at one time he was opposed to suffrage.

"Are you favorable to it now?" Commissioner O'Connell asked. "I am," responded the mayor, smiling.

The mayor then declared he favored the votes of women had resulted in cleansing politics here.

"Under no circumstances," he said, "would he designate special police to act during labor troubles until the chief of police recommended them." Then he would select the police himself," the mayor added. He also would disarm either union or non-union men who threatened trouble during a strike.

The mayor insisted several times that the labor problems of the northwest were different from those of the east.

"Back east you have capitalists who can't recognize that there is any one except themselves, and laboring men who are ignorant," he declared.

For this reason, he continued, he would not attempt to outline a general plan for settling labor difficulties in all parts of the country.

E. W. Olson, state commissioner of labor, followed Mayor Gill on the stand.

O'CONNOR AGAIN OPENS FIRE ON THE CENSORSHIP

London, Aug. 10.—(4:20 p. m.) T. P. O'Connor, the Irish nationalist, today in the house of commons again opened fire on the British government. He said that thousands of dollars spent by American newspapers had been wasted in consequence of the censorship.

The major insisted several times that the labor problems of the northwest were different from those of the east.

"Back east you have capitalists who can't recognize that there is any one except themselves, and laboring men who are ignorant," he declared.

For this reason, he continued, he would not attempt to outline a general plan for settling labor difficulties in all parts of the country.

E. W. Olson, state commissioner of labor, followed Mayor Gill on the stand.

PEACEFUL TRANSFER IN SIXTY HOURS

SEMI-OFFICIAL ANNOUNCEMENT IN MEXICO CITY TODAY SAYS CARBAJAL HAS FOUND WAY TO GET RID OF INHERITED JOB.

OREGON TO ENTER AT HEAD OF ARMY

FOREIGN LEGATIONS TAKING PRECAUTIONARY MEASURES BUT BELIEVED CHANGE WILL BE MADE WITHOUT BLOODSHED

Laredo, Tex., Aug. 10.—General Carranza left San Luis Potosi today for Queretaro to take command of the entire constitutional army, according to information received here today from San Luis Potosi.

Mexico City, Aug. 10.—A high official of the Mexican government who requested not to be quoted, said today that the transfer of the federal power in Mexico from Provisional President Carabjal to the constitutionalists would be made peacefully within the next sixty hours.

The official added that Provisional President Carabjal would issue a proclamation late today to the inhabitants of the federal capital giving details of the government's plan for the transfer.

The plan includes the transfer of power from Francisco Carabjal to Eduardo Huizache, governor of the federal district. Carabjal will go to Vera Cruz and Governor Huizache will turn the government over to General Oregon now in Tuxpan with 25,000 men.

The major insisted several times that the labor problems of the northwest were different from those of the east.

"Back east you have capitalists who can't recognize that there is any one except themselves, and laboring men who are ignorant," he declared.

For this reason, he continued, he would not attempt to outline a general plan for settling labor difficulties in all parts of the country.

GROWTH IN NUMBER OF CHILDREN OF SCHOOL AGE

CENSUS COMPLETED TODAY SHOWS TOTAL OF 5,097 IN CITY. PUBLIC SCHOOL ENROLLMENT OF ABOUT 2,300 INDICATED.

Normal growth in the number of children of school age in this city is shown by the school census, which J. Claude Miller has just finished for the board of education. Mr. Miller finished compiling his lists today. They show a total of 5,097 children of school age in Albuquerque. The school age in this state ranges from 5 to 21.

Last year's total was 4,231—2,982 boys and 2,148 girls. The gain this year is 866. This year's total is divided as follows: Boys, 2,569; girls, 2,538.

The census indicates that with the beginning of the new school year there will be about 3,000 boys and girls of various ages at school in the city. Most of them—about 2,300—will be in the public schools. Most of the others will be in parochial schools, and the rest will be in the business college, at the University of New Mexico, and in the apprentice school at the railroad shops.

The other "children" of school age accounted to pin the census will be of mites—or dodging it. The law cannot compel them to attend school after the age of fourteen.

QUICK RIDDANCE SALE AT GOLDEN RULE BIG HIT

The smitten would probably think that Albuquerque ladies had done all the shopping they could be induced to do for this summer. They have regaled themselves in big sales for the past month, but it would appear they are always ready for more, when special bargains are offered. The Golden Rule Dry Goods Co. announced a "Quick Bidding Sale" for the first three days of this week and all day today the store has been crowded with shoppers. The Golden Rule is making a final clean-up on its summer goods preparatory to receiving its big stock of fall and winter goods and has many remarkable bargains for the next two days.

ALLEGED COW THIEVES GET A HEARING TODAY

Fidel Romero and Pedro Jaramillo, of Rancho de Albuquerque, are to be heard this afternoon before Justice of the Peace Luis Sandoval, at Rancho de Albuquerque, on a charge of attempting to run off with cows belonging to Olimpio Gutierrez.

Gutierrez, one night last week, encountered two men in the act of stealing three of his cows. He drove them into flight with rifle shots. He alleged that he recognized Romero and Jaramillo as the thieves, and swore out a warrant against them. They were arrested next day and have been out under \$200 bond apiece since.

ITALY NOT CALLING RESERVISTS BACK

Charles Melini, consul agent of the Italian government in New Mexico, has received word from Rome that three classes of reserves in Italy have been called to the colors. They are the 1888, 1890 and 1891 classes—the younger men. Only those in Italy are called for; the reserves in foreign lands are not yet asked to join.

For dyspepsia, our national ailment, use Durkirk Blood Bitters. Recommended for strengthening digestion, purifying the blood. At all drug stores. \$1.00 a bottle.

HUSBAND GIVES UP EVERYTHING BUT HORSE AND SADDLE

According to a complaint filed in the district court today, Josefina B. Montoya of Sandoval county and her husband, Pablo Montoya, have agreed to separate, the wife retaining custody of the six children and possession of all the property except a horse and saddle. She asks the court to establish her claim to the property and to order her husband to give her an allowance monthly for the children's support. The children range in age from 5 to 17.

According to the complaint Montoya began treating his wife cruelly a year ago. He drank, it is alleged, and at different times beat and threatened his wife. Insufficient support is also alleged.

47 CASES OF ILLS THAT PLANTS ARE LIKELY TO CATCH

The pathological department of the district office of the forest service has started to move into its quarters in the Kirtner building. It is a new department for this district, and W. H. Long has just come from Washington to take charge of it. Mr. Long today was superintending the unpacking of his specimens. He has 47 trunks full of specimens of plant diseases. The department will specialize in investigation of disease resulting from burns.

For the present the pathologist will use the former council chamber and city clerks office, but later it is expected the room adjoining the former will be added to the suite.

NO EMPLOYEE SHALL BE FOUND IN A SALOON

A FALSE STANDARD OF CULTURE

has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when headaches and backaches are a thing of the past, brave sons and fair daughters rise up and call her blessed.

Officials here, it is said, maintain a very strong attitude against drinking not only white on duty but at other times, and the order against cashing checks in bars is one designed wholly for the welfare of the men, according to officials. It is stated that nine out of every ten employees who cash pay checks in the saloons leave minus several dollars of the full amount. There is little patronage, however, for the saloons by local railroad men.

Friday night eight men were discharged from the shops for violation of the company's rules, and one of these was an employee who was seen by an official carrying a bucket of beer home from a west end bar.

COLONIST RATES ANNOUNCED. Colonist rates and dates for the forthcoming season were announced yesterday by the Santa Fe. Similar announcements will be made shortly by the other railroads.

The season is from September 24 to October 1, inclusive. The rate from Chicago is \$23 and from Miami river points \$20, the same as last year. The season is of the same length as last, though the dates are slightly different.

Last year's travel to California under the fall offering of colonist rates was 10,000 persons. A larger crowd is expected this year, due to the approaching opening of the Panama canal and of the San Diego and San Francisco expositions.

BAN ON CASHING PAY CHECKS IN SALOONS

San Bernardino, Cal., Aug. 10.—Santa Fe employees have been ordered to refrain from cashing pay checks in saloons and it is said that several men have been let out in the past three weeks because they disobeyed the order, which contemplates that

The Kind of Men Who 'Roll Their Own'

They are the finest type of men in the world—resourceful, persevering, active in mind and body—always striving, always accomplishing in every line of human endeavor. THE AMERICAN TOBACCO COMPANY

Many people have marveled the way S. S. S. overcomes skin troubles. The explanation is the fact that S. S. S. works in the blood and the blood is really a most intricate and extraordinary mass of arteries and veins.

When you come in realize that the skin and mucous membranes are composed of the network of tiny blood vessels you solve the mystery.

These are wonderful medicinal properties in S. S. S. that follow the course of the most malignant skin diseases.

It contains one ingredient, the active principle of which is to stimulate the tissues to the highest activity. And the secret of its success lies in the fact that the S. S. S. acts directly on the blood vessels and the nerves.

It is really a remarkable remedy.
